MESSAGE FROM THE CHAIR

Welcome to the 2023 Perth International Jazz Festival. Following on from our 10-year anniversary in 2022, we are thrilled to present our biggest festival to date.

This festival would not be possible without the unwavering support of our dedicated sponsors and partners. Your commitment enables PIJF to present an exceptional program that sees Perth's homegrown talent perform alongside world-class jazz musicians.

Behind the scenes, our board and staff have committed countless hours into crafting an experience that champions diversity, innovation, and creativity. I am so proud to be working among a team of passionate people to deliver a festival for all.

Of course, none of this would matter without our wonderful audience. Your energy, enthusiasm, and shared love for jazz fuel our mission year after year. We extend our heartfelt gratitude to each and every one of you for making each year a resounding success.

I encourage you all to make the most of the incredible talent available at your doorstep this year, which of course, helps PIJF continue to grow.

Here's to an extraordinary festival.

Jamie Waters
Festival Chair

MESSAGE FROM THE ARTISTIC DIRECTOR

Last year we celebrated 10 years of consecutive festivals and now, this year, it feels like we have stepped up to the responsibility of being around for double digits.

We are committed to bringing the very best jazz experiences to audiences here in WA so we have decided to expand over several weekends to allow the most audience participation in our 2023 festival.

We have artists from all over the world with jazz royalty, multiple Grammy Award winners, New Orleans legends and the very best examples of what contemporary modern jazz is.

Artists are joining us from the US, France, Italy, Switzerland, Germany, Armenia, the Netherlands, Japan, Sydney, Melbourne and Brisbane. We are bringing the world of jazz to YOU!

There is so much music to enjoy over this festival period - more than ever. Come Play and take a risk with us to see as much music as you can, experience new delights, reacquaint yourself with old favourites and just have the best time! This festival is for you, and always will be.

LISA SIMONE (USA) KEEPER OF THE FLAME

A DAUGHTER'S TRIBUTE TO DR. NINA SIMONE

"I made a pledge to my mother when she passed away to make sure she would be remembered in the way that she deserved." - LISA SIMONE

It's a new dawn, it's a new day, it's a new life...You'll be feeling good when you seize this historic opportunity to savour the songs of Nina Simone, channelled in the same rich, powerful tones through her talented daughter, Lisa Simone.

For the first time ever, this award-winning actress and Grammy-nominated jazz vocalist will perform at the Perth International Jazz Festival as part of an Australian tour to honour her mother's legacy.

Nina Simone stunned the world with her deep, velvet voice. We welcome her daughter to Australia this October to enthral and enchant you with an intimate, heart-warming concert of her mother's music.

Lisa Simone's lush voice will be accompanied by the soulful swing of an All-Star Big Band, featuring some of the best jazz musicians from around Australia.

Lisa will put a spell on you, so don't miss this incredible opportunity to enjoy the classic repertoire of Nina Simone, performed by her very own daughter, at Perth's historic Regal Theatre.

A once-in-a-generation talent, Cécile McLorin Salvant comes to Australia in November, and will perform in Perth for one night only as a headline act of this year's Perth International Jazz Festival.

Since winning the Thelonious Monk vocal competition in 2010 at aged 21, McLorin Salvant has continued to accumulate global accolades for her recordings and performances. Six albums display her unique musicianship, from her debut *WomanChild* in 2013 through to this year's multilingual release *Mélusine*.

Her innate storytelling ability weaves together a range of musical styles including jazz, vaudeville, blues, theatre and folk music.

DOUBLE TRIO

swiss arts council
Unterstützt vom Kanton Zug
prohelvetia

When three is better than two and two is better than one, you have Double Trio.

This twin set of three-piece bands features Switzerland-based MaxMantis and the Josh Meader Trio from Sydney.

Think Marvel meets DC meets jazz and you have MaxMantis. Returning to the PIJF is this formidable trio made up of Lukas Gernet (JeffMantis) on piano, Rafael Jerjen (RexMantis) on bass, and Samuel Büttiker (BobMantis) on drums. Tonight, these three accomplished musicians will tell the ongoing story of their alternate superhero lives through musical themes, jingles, free improvisation and chaos. Here, stylistic and musical boundaries do not exist - into the infinite abyss and beyond! Maximum Mantis!

The Josh Meader Trio is an instrumental cross-genre powerhouse led by guitarist Josh Meader, second-place finalist in this year's National Jazz Awards, and featuring previous NJA winners Alex Hirlian (drums) and Matt Thomson (keys). Blending and blurring a multitude of genres including contemporary music, modern jazz, funk, hip-hop and rock, Josh Meader Trio presents an undeniably unique listening experience.

This is a double header not to be missed, featuring the perfect partners for a night like no other.

Predominantly playing Barnett's compositions, audiences can expect German precision mixed with Australian humour and a great deal of exciting musical interaction in between.

Barnett moved to Cologne in 2014, where she soon formed this quartet. They have released three albums together (*Hype*, *Bad Lover* and *Alive at Loft*) and have toured throughout Europe and Australia.

This project has been assisted by the Australian Government through Creative Australia, its arts funding and advisory body.

This performance is supported by the Melbourne International Jazz Festival as part of their Export Series program.

Ghosts Between Streams is an interdisciplinary work by 2022 Freedman Fellow, composer and trumpeter Tom Avgenicos. It blends chamber music, contemporary jazz and electronics to explore the power struggle between nature and urbanisation. With an overarching environmental concern, the work captures the notion of solastalgia - the sadness felt at the loss or change of a beloved place in nature. This will be performed by Avgenicos' long-standing quartet, Delay 45.

Jo Lawry, has been described by *The New York Times* as a "singer of dazzling self-possession".

Lawry has released four albums since 2008, after leaving Adelaide for New York, where she lived for 17 years. She has recorded and toured with Sting since 2009 and appeared in the 2013 documentary *20 Feet from Stardom*.

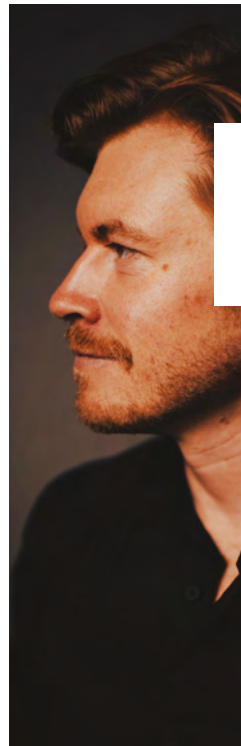

Her latest release, *Acrobats*, has been described by The Sydney Morning Herald as "a gem tossed high in the air, flashing and sparkling - and somehow never falling".

Jo Lawry's debut album, *I Want to Be Happy*, was named one of the "Best CDs of the Decade" by *Downbeat Magazine*, but she has become known beyond jazz circles for her work with Sting, Paul Simon and Peter Gabriel.

Written in the Dark is a through-composed piece written while Sheens was convalescing after a bike crash that left him with a broken leg and hand.

Comprised of 10 sections, this piece explores many different musical terrains, while sustaining compositional ideas throughout. While the work can be described as a technically demanding weird dream, there is still huge scope for improvisation by the entire quartet.

FOUR (USA)

Grammy-nominated, New York-based multi-instrumentalist Nate Wood called this project FOUR "because it's me with four limbs playing four instruments at once".

A truly ambitious take on going solo, Wood plays everything – analogue synths, drums, bass, guitar as well as vocals – at the same time.

FOUR's sound veers from complex, space-y prog rock to electronic-tinged instrumentals.

"Wood's brain splits attention between four synthesizers, an electric bass and a drum kit, all while singing about futurism. Wood plays all of FOUR's tunes in one take. No backing tracks. No overdubs... You're hearing (and seeing) a mastermind songwriter and mad scientist at work." NPR Music

LUCY IFFLA ALBUM LAUNCH - YOU ARE HOME

Lucy Iffla has developed an elegant and timeless voice that belies her years. While everyone can now enjoy her music, tonight you can be among the lucky ones to celebrate her debut album in person.

After receiving the 2023 Perth Jazz Society Recording Opportunity, Lucy began cultivating and finalising original works from the past five years. According to Lucy, "The pieces are lyrically inspired by the works of Paulo Coelho, tying poetic philosophies with meaningful and relevant themes in my life." Given her passion for a diverse range of musical styles, Lucy and her ensemble will bridge the gap between folk melodies and jazz harmonies.

TRIO GRANDE (USA)

Trio Grande is bigger than the average trio. It might look like there's no bass player, but in fact there are three.

Nate Wood is perhaps the only person in the world able to play at a dazzling level on both drums and bass at the same time.

Saxophonist Will Vinson doubles on keyboards and guitarist Gilad Hekselman is renowned for his ability to weave contrapuntal lines across the range of his instrument (and beyond). Together, the three deliver a sound as big and broad as a group twice its size.

"What happens when three of the world's most accomplished jazz musicians get together for a new trio project? Fireworks! ... and an innovative, exhilarating debut album."

★★★★★ UK Vibe

"...The beauty of this disc of originals is that it's far more than an all-star session; there's an exceptional connection here. Each player brings his singular vision to the plate, but the collective sum is something fresh and exhilarating."

GREENWICH REVISITED

For the second half of the 1990s, Greenwich was the epicentre of the live music and arts world of Perth. This creative hub hosted art exhibitions, spoken word poetry nights with Tim Minchin, and was the starting point for the Revelation Film Festival.

For one night only, Greenwich comes back to life. This event for PIJF celebrates the 25th Anniversary of the Michael Pignéguy Sextet recording its album *MPS Live at Greenwich*.

Sergio Mendes and Brasil 66 was on a continual loop and set the scene for the elegant, bohemian scene that was Greenwich. For this event, Georgie Aué and Victoria Newton will combine vocal forces to bring this soundtrack to life.

From here you can join in the Jazz Parade, where New Orleans-style brass band tunes will ring out as we march around the lush expanse of Hyde Park. If you don't play, join in and follow the pied pipers (and blues blowers) and add your joy to the atmosphere.

Bring a picnic, or purchase some food from our yummy vendors and catch Perth's rising stars, including the WAYJO NC, SHOWAYJO (Japan), WAAPA Mingus Ensemble & Jazz Vocal Ensemble and the NSW-based groove maestros - The Vampires.
